## LATIN AMERICAN AREA SEMINAR

The Latin American Area Seminar is designed to provide Agency officers with both a broader perspective on area problems and a deeper insight into how such problems may affect future requirements for intelligence on the area. It will follow the example set by its predecessor, the Continuing Latin American Seminar conducted for the Western Hemisphere Division of the Clandestine Service, in emphasizing utilization of the knowledge of the area possessed by seminar members and other Agency personnel. Guest speakers and the materials for required and suggested reading will be selected to provide a variety of points of view, including those of the Latin Americans. In addition, each member will be asked to prepare a report on a particular area or country problem for presentation and discussion during the final two meetings of the seminar.
